

The purpose of “Remembering Memorial Day” is to engage more Americans in a personal moment of honor and observation for those who have died in battle serving our nation. After all, they gave their lives . . . let’s give them a minute.

Memorial Day is the one day a year set aside to remember those of whom Abraham Lincoln said “gave their lives that that nation might live.”

Let’s make this year different and truly honor those who paid for our freedom with their lives.

What Can You Do? If you truly believe in the message and memory of Memorial Day, then join us and take a stand to honor those who gave “that last full measure of devotion.”

At precisely 3:00PM on Monday, May 27th, stop whatever you are doing and honor our nation’s fallen by standing and reading out loud one name from each of the conflicts represented on the other side of this page (Civil War, World War I, World War II, Korea, Vietnam and Afghanistan/Iraq). When reading, include the conflict and the person’s rank, full name and date of death.

By honoring them you will be honoring all of the more than 1,200,000 who have died from the Revolutionary War to today. They died for our nation, its principles, and their brothers in arms.
